

About Us

Instawall Prints is established by NIT Warangal alumnus Krishna Murthy Lokini and currently operating in Hyderabad. Instawall Prints is one of the leading digital print service providers. We offer versatile wall printing and design services for customers throughout Hyderabad. We offer the entire printing services, whether for your households or your businesses. We also print individual motifs (Customized) on almost any surface: painted walls, stone, concrete, metal, wood, glass, and many more.

Our Team

Krishna Murthy Lokini - Krishna has a Bachelor's degree from NIT Warangal. Nothing gets him more excited than solving client-marketing challenges with long-term, strategic solutions. He is a man of many talents and passionate about new technologies.

Arvinda Shiva Lokini - Arvinda is a post-graduate from Osmania University and has a total experience of over 13 years in the Industry. His expertise lies in Business Management, Operations & Project Management for Marketing. Driven by research, he is passionate about consulting & strategy building for clients across the globe.

Direct Wall Printing

This innovation offers you a better approach to breathe life into your dividers. The patented wall-printing technology permits you to plan your walls in the greatest manner. You would now be able to apply your one of a kind outline to any vertical surface. Our wall-mounted printer uses UV ink especially produced for this purpose, which is sprayed directly onto the wall surface. The environmental friendly UV colours, completely non-toxic, create powerful colour images with the highest quality. With a print on the wall, you can make your workplace or your home look different and very special.

Why Choose Us

- ❖ **Any Image:**
Get yourself custom wall prints. It could be a family photo or a pleasing landscape. You are not limited to one image.
- ❖ **Any Size:**
We can apply images of almost any size to your wall: from very small details to large surfaces.
- ❖ **Any Surface:**
The printed image is a real eye-catcher, whether on painted walls, stone, concrete, metal, wood, or even glass.
- ❖ **True colours:**
We offer 16.7 million colours so your creativity falls no short. We use German Technology for Direct Wall Printing.
- ❖ **Washable:**
You can easily clean the wall without damaging the image. The surface is ready to use instantly after printing.

❖ **Non-Toxic:**

The environmental friendly UV colours are completely non-toxic and create powerful colour images with the highest quality.

❖ **Customer Satisfaction:**

We want our customers to be satisfied with the result. Customer Satisfaction is our utmost priority.

❖ **Easy to Remove:**

If you do not like your wall print or you want it to be changed, simply apply two coats of paint to cover it.

What We Do

We provide wall-printing solutions for a wide variety of residential and commercial design needs. We have been helping businesses, corporate offices; boutique hotels, Restaurant, Small Coffee Shops and kids' bedroom design their walls making sure to illustrate art in the most simplified form.

❖ **Homes:**

Tired of wallpaper, uneven stickers or paint drops on the floor. We offer you the entire digital printing service, whether for your bedroom or your drawing room. Watch your images/art appear on plaster, wallpaper, wood, stone, plastic, tiles, glass, metal, concrete, and similar materials.

❖ **Offices:**

With a print on the wall, you can make your workplace look like something unique. Just send us an image or your logo (in a suitable format), or ask for our professional design service. Utilizing cutout work of art for wall printing make extraordinary pictures — you are not restricted to a rectangular surface. The only limit is your imagination!

❖ **Restaurants:**

Sprinkle more shading into your Restaurant. We offer Digital Printing for Restaurants. We work with green eco-friendly technology because the ink, which we utilize, is UV ink that has no poison, not at all like the customary dissolvable-based ink. We have skilled personnel who are dedicated to ensuring the highest quality printing as per the expectation and requirements of our valuable customer.

❖ **Hospitals:**

From capturing children's dreams on the walls of a hospital ward, from instilling calm in a patient waiting room. Patients sit for the extended period in these areas and often with very little to entertain them. The creative possibilities for enlivening an interior with InstaWallPrints are boundless, adding a distinctive stamp and enhancing the character of a whole building.

❖ **Coffee Shops:**

Located in Hyderabad, India, we have been affianced in rendering digital wall printing service for coffee shops. Under this service, we offer various kinds of prints on any surface like traditional, flower, quotes, animations, etc. Our skilled workforce provides utmost satisfaction to clients as they work in harmony with their demands and latest market trends.

❖ **Kids Bedroom:**

Relying on our enriched industry experience and knowledge, we are engaged in offering a huge gamut of attractive kids' bedroom digital printing services to our customers in Hyderabad, India. We assure that our offered digital printing services are widely known for their unmatched quality and we make use of bright colours.

Business Opportunity
